Sign in

There are 4 ways to sign up:

1. Single Sign On (SSO) via your learning management system (LMS). This is only possible if Comproved is integrated via LTI in the LMS used in your institution. If you do not find Comproved in your LMS, check with the instructor whether an integration of Comproved has been carried out.
2. SSO via Surfconext. Go to <https://app.comproved.com> and choose your school from the top menu.

3. In standalone version via a gmail account. Go to <https://app.comproved.com> and click on 'sign in with Google'.

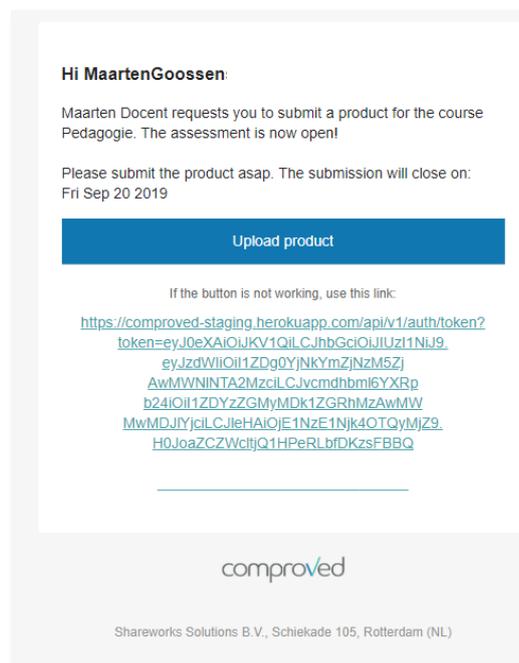

If you have been added to the standalone version with your school email (e.g. maaike.peeters@hogeschool.com), you will need to create a link between the school email and your google account. This can be done by following the following manual: <https://support.google.com/accounts/answer/176347?co=GENIE.Platform%3DAndroid&hl=nl>

You can now log in with your school email and with your google password. If you don't have a google account, you can easily create one for free at: <https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp>

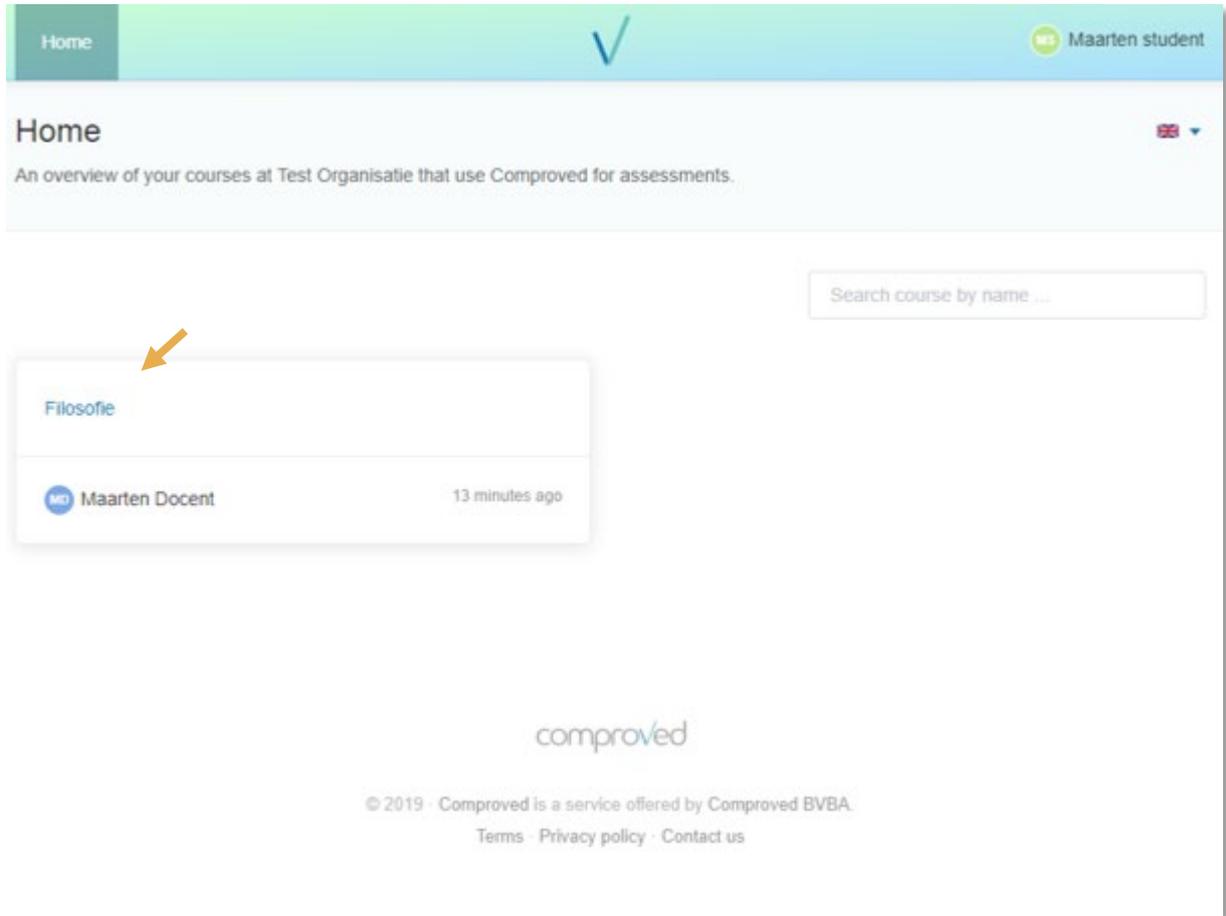

4. You will receive an email from comprowed. Through the link in the mail you will get immediate access to the assessment.

ATTENTION! Do not share this link with others, otherwise they can login in your name.

Home screen (courses)

On your 'home screen' you can see all courses for which assessments can be set up in Comproved.

Assessments

To get access to a certain assessment, click on the course and you will get an overview of the assessments that have been set up for that course. For example, three assessments have been set up for the 'pedagogie' course below.

The screenshot shows the 'Pedagogie' course page in the Comproved system. At the top, there is a navigation bar with 'Home', a checkmark icon, and the user 'Maarten student'. Below the course title, it indicates 'Course · 1 instructors' and provides a link for 'More info'. Three assessment cards are listed:

- Ped_Task_1**: A red warning icon and text state, 'You cannot access the results because you do not have any comparisons.' A red button labeled 'Your result →' is present.
- Ped_Taak_2**: Text states, 'The results have been released.' A green button labeled 'Your result →' is present.
- Ped_T_3**: Text states, 'Product upload period will close in 5 days. Please upload your product before September 29, 2019 12:00 PM.' A blue button labeled 'Upload product →' is present.

At the bottom, the 'comproved' logo is centered, with copyright information: '© 2019 · Comproved is a service offered by Comproved BVBA.' and links for 'Terms · Privacy policy · Contact us'. A blue chat icon is in the bottom right corner.

Within an assessment you usually have 3 phases

1. Upload products
2. Start of comparisons
3. Results

The image displays three sequential screenshots of the 'Filosofie' assessment interface, illustrating the progression through different phases:

- Phase 1: Upload products**
The interface shows the course title 'Filosofie' and a notification for 'Filo_Taak_1'. The text states: 'Product upload period will close in 10 days. Please upload your product before September 9, 2019 12:00 PM.' A blue button labeled 'Upload product →' is visible.
- Phase 2: Start of comparisons**
The interface shows the course title 'Filosofie' and a notification for 'Filo_Taak_1'. The text states: 'Comparisons period will close in 20 days. Please complete comparisons before September 19, 2019 12:00 PM.' A blue button labeled 'Start comparisons →' is visible. A 'View product' button is also present in the top right corner.
- Phase 3: Results**
The interface shows the course title 'Filosofie' and a notification for 'Filo_Taak_1'. The text states: 'The results have been released.' Two buttons are visible: a green button labeled 'Your result →' and a white button labeled 'All results →'.

Upload products

Uploading a product is only possible for a limited period of time. This is indicated in the mail and in the overview. After the deadline, it is no longer possible to upload a product.

Click on 'Upload products', then on 'Upload document'. Give permission here to delete the meta-data (author etc.). This is the only guarantee for anonymity. Then click on 'select files'. At that moment the folder structure of your computer will open. Select the file you want to upload and click 'Open'. Then click on 'Upload'.

Your product will be uploaded and you will get a preview. Click on 'Submit product' and the product will be added. You will receive a notification that the product has been successfully uploaded. You can easily view your product by clicking on 'View product'.

Via 'Edit product' you can easily replace your submitted product.

Filosofie
Course - 1 instructors - Here you will find all your assessments for the course 'Filosofie'. [More info](#)

Filo_Taak_1
Product upload period will close in 10 days. **Please upload your product before September 9, 2019 12:00 PM.** Deadline

Submit product
Here you can submit your product for the assessment PED_T_5.

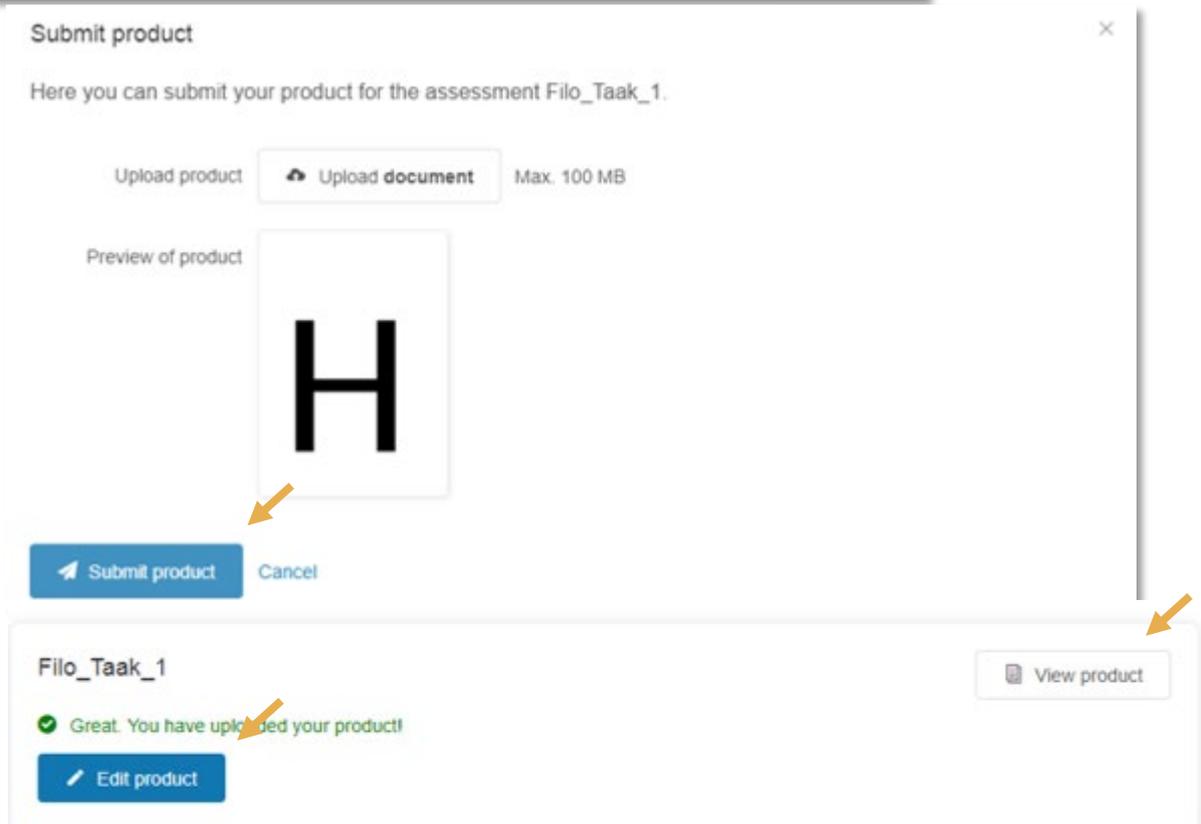

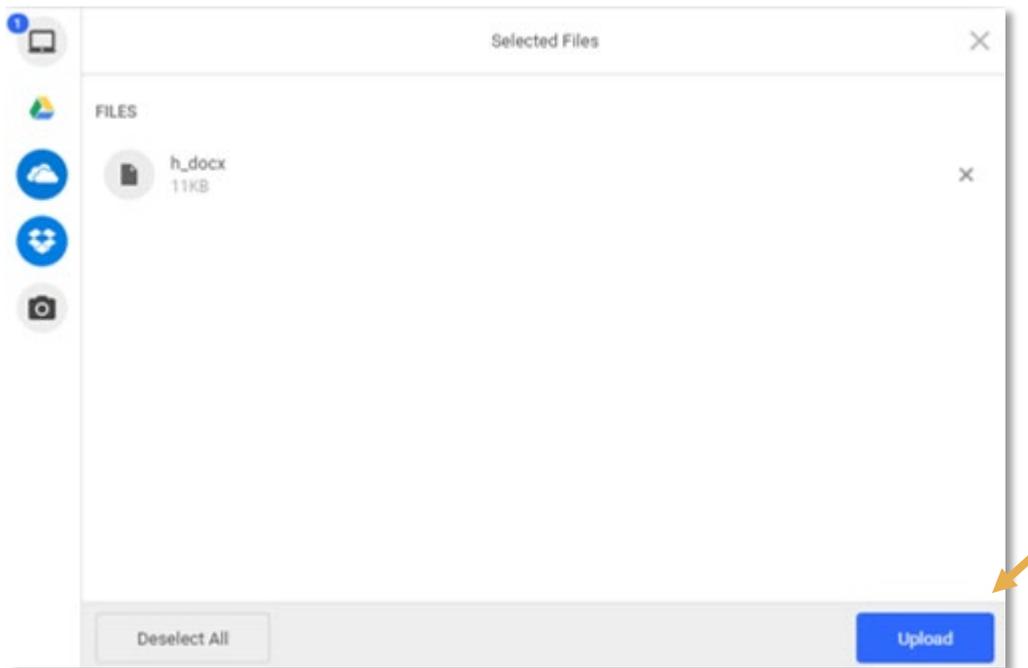

Upload product Max. 10 MB

Accepted file types

- Blog post: you also can embed video-links here
- Video: .mp4
- Documents: .text, .pdf, .doc, .docx, .odp, .odt, .docm, .ppt, .pptx, .ptm, .html
- Images: .jpg, .jpeg, .png, .bmp, .ai, .gif, .psd
- Audio: .mp3

Attention: only if you accept that the meta-data will be removed when charging, you have a 100% guarantee on anonymity.

Start comparisons

To start the comparisons, click 'start comparisons'. The home screen will be displayed with a word of explanation on how to compare. Click on 'get started' to start.

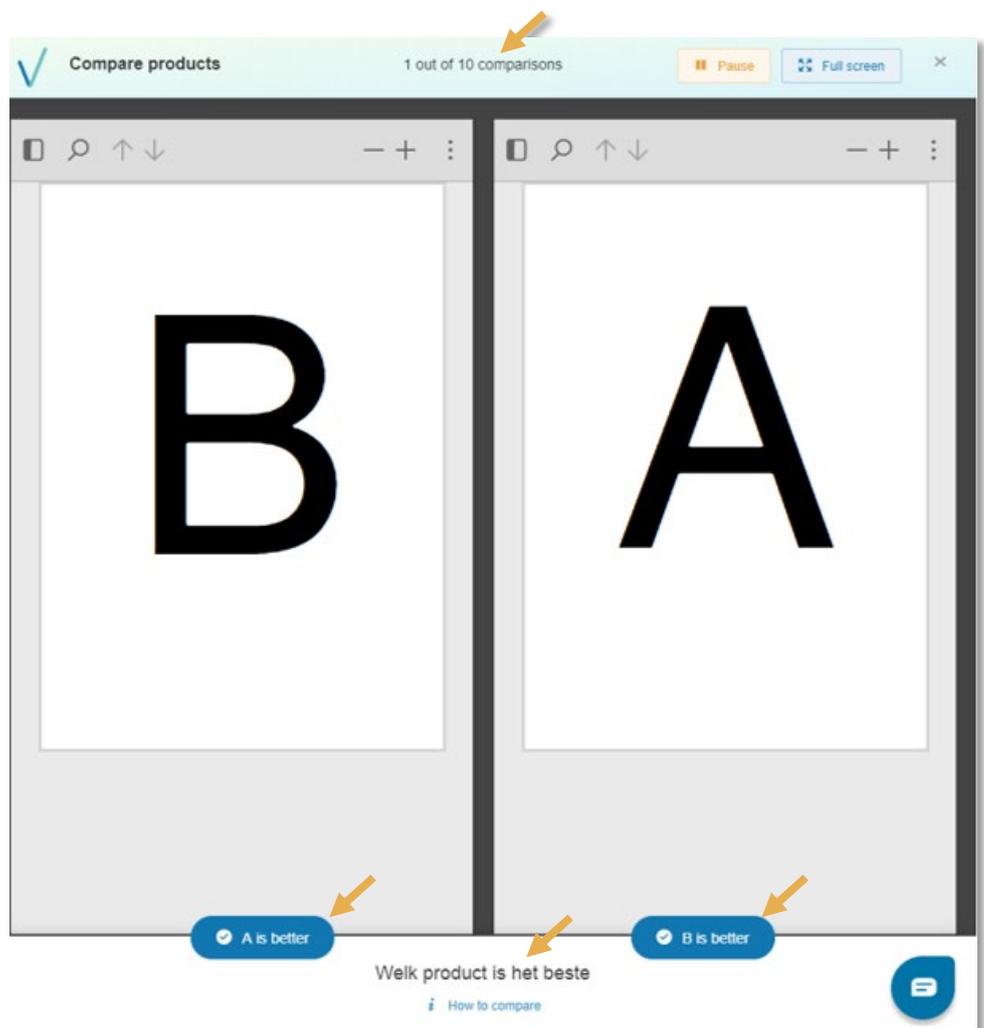

There are now 2 products (here B and A) shown next to each other. Compare them and choose the best product according to you in the light of the corresponding question. Click on 'A is better' or 'B is better'.

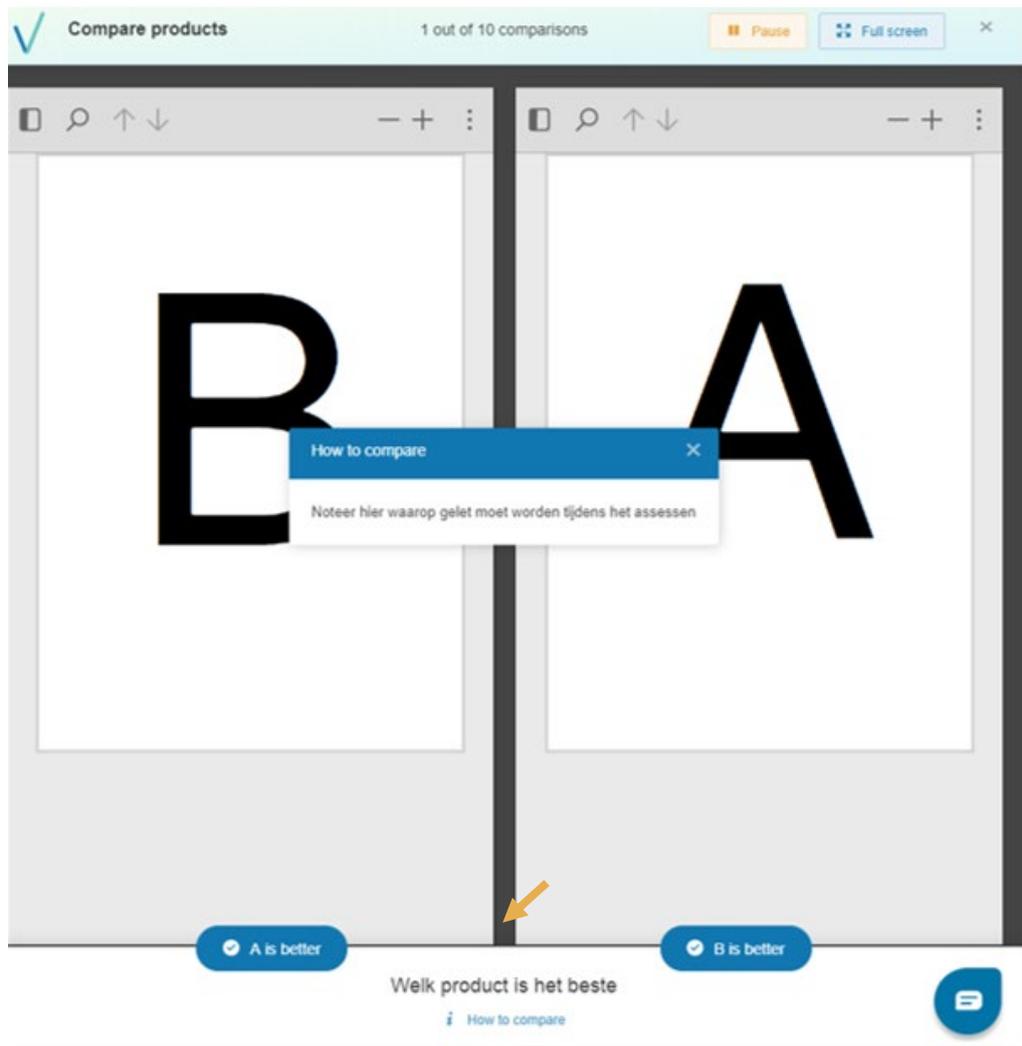

Attention: your choice is final!

At the top you can see how many comparisons have already been made, and how many need to be made.

You can also pause and view the products on full-screen.

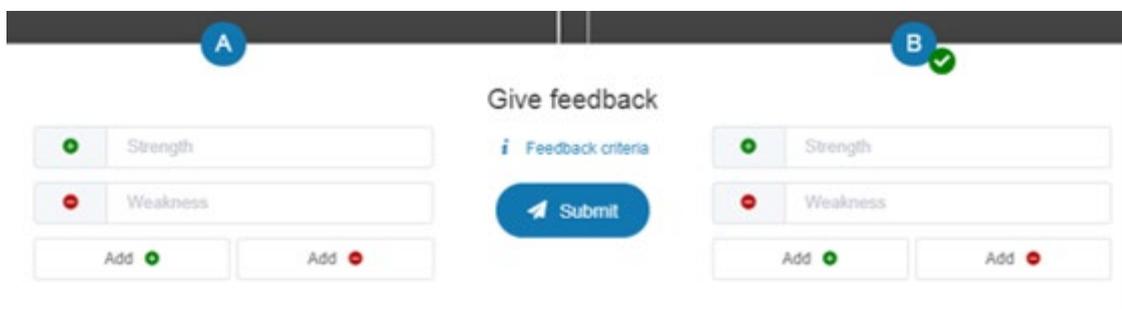

The instructor (teacher) can give you some more information about what to look for when comparing. To consult this explanation, click 'i How to compare'.

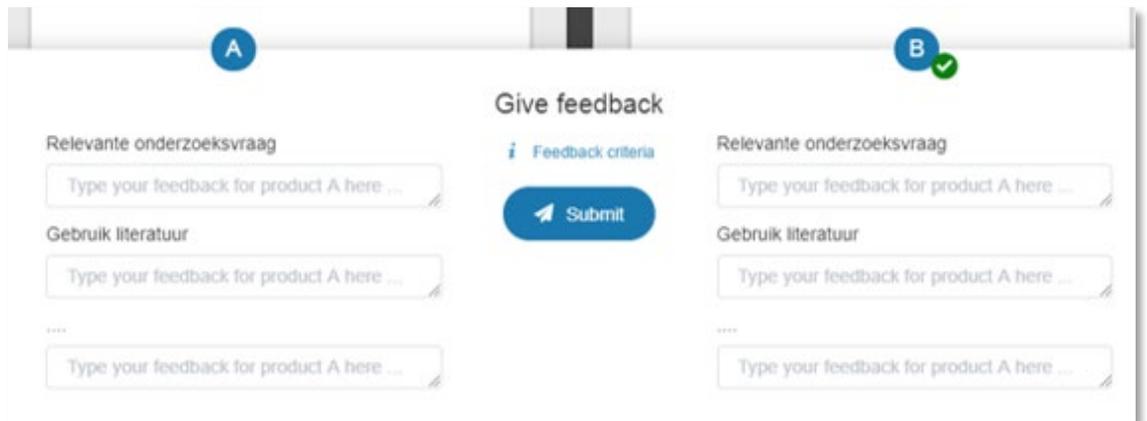

From a comparison determined by the instructor, the question to give feedback will appear. Here are 2 possibilities:

- a. Feedback by mentioning one or more strengths or weaknesses. This will look like this in the tool:

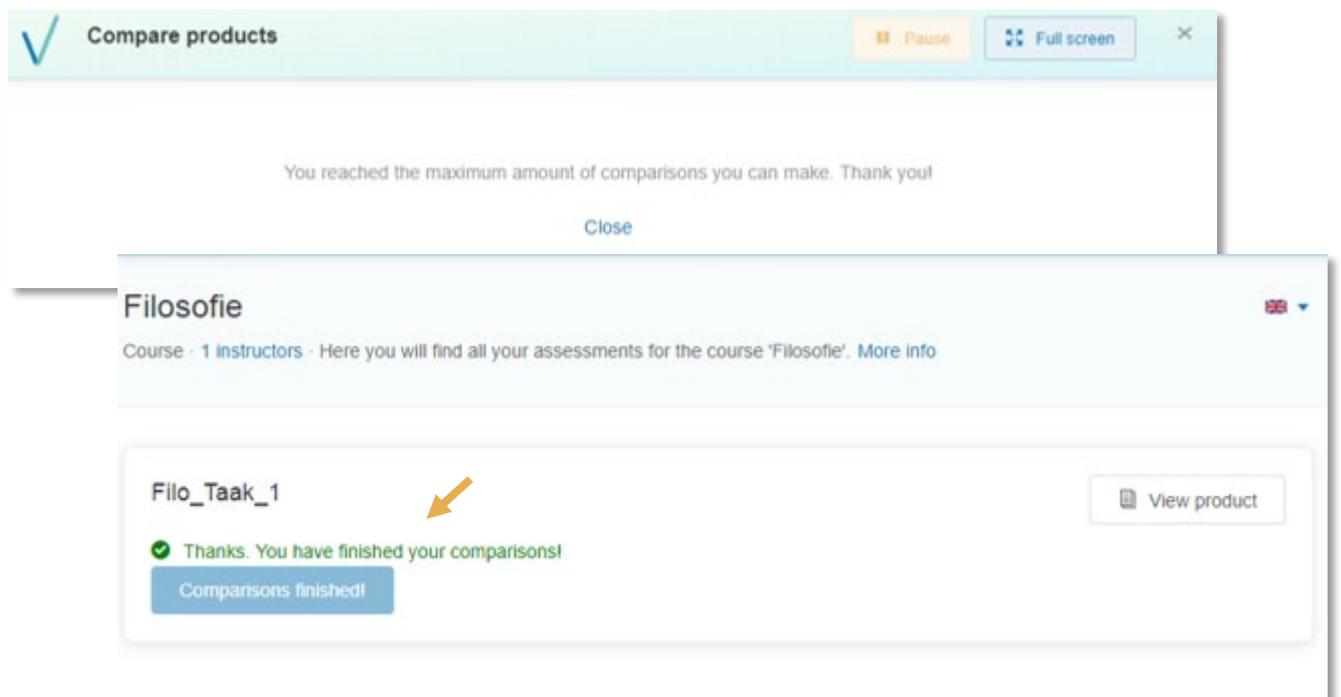

- b. Feedback based on criteria. Criteria are specified on which feedback is expected. This will then look like this in the tool:

The screenshot shows a 'Give feedback' interface with two columns for products A and B. Each column contains three text input fields for providing feedback on 'Relevante onderzoeksvraag' and 'Gebruik literatuur'. A central 'Submit' button is present between the columns.

A report indicates that all comparisons have been made. This can also be seen on the overview screen of the assessment.

The screenshot displays a 'Compare products' window with a completion message: 'You reached the maximum amount of comparisons you can make. Thank you!'. Below this, the 'Filosofie' course overview is shown, including a 'View product' button and a confirmation message: 'Thanks. You have finished your comparisons! Comparisons finished!'. An orange arrow points to the confirmation message.

Results

To view the results, click on 'Your result'. Your result will be shown automatically.

The screenshot shows a notification for 'Ped_Taak_2' with a green button labeled 'Your result →'. Below it, a detailed view for 'Filo_Taak_1' is shown. The task is 'H.docx' (11.7 KB). The user's rank is 5, and their ability score is -0.76. The submitted product is a document with the letter 'H'. The feedback table shows a strength ('Sterk punt voor dit product (H)') and a weakness ('Zwak punt voor dit product (H)').

Callouts:

- Your product:** Points to the 'H.docx' document thumbnail.
- Your place in the rankings, this says nothing about passing/failure:** Points to the rank '5'.
- The feedback (anonymous) of the assessors on your product:** Points to the 'Received feedback' table.
- The score from Comproved on which the ranking is based. Also this says nothing about successful / unsuccessful.** Points to the ability score '-0.76'.

Strength	Weakness
● Sterk punt voor dit product (H)	● Zwak punt voor dit product (H)

It is possible that the instructor has given you permission to view the other products as well. This way you can study what the assessors think is a better product. Click on 'All results' to do so.

Filo_Taak_1

Assessment - The results for 'Filo_Taak_1'. This assessment has 0 groups with 21 participants.

Reliability: 0.53 The reliability* of the rank order

Your product Your product

Product	Type	Participant	Rank	Grade	Submitted
anonymous	Document	anonymous	6	-1.00	25 days ago
H.docx	Document	Maarten student	5	-1.00	25 days ago
anonymous	Document	anonymous	4	-1.00	25 days ago
anonymous	Document	anonymous	3	-1.00	25 days ago
anonymous	Document	anonymous	2	-1.00	25 days ago
anonymous	Document	anonymous	1	-1.00	25 days ago

The products of the other assesseees. Click on them to consult them. Both the work itself and the feedback can be viewed.

* Reliability of the assessment. This is expressed on a scale from 0 to 1 with 0 not reliable and 1 very reliable. In human language: if the reliability of an assessment is 0.80, then in an assessment of the same products by similar assessors .80 will correspond to the original ranking.
